## FISHERMEN AND FRIENDS

### KAYAK TOUR FISKAREN

The guide will take you to the Nature Reserves surrounding the town of Lysekil. Here you can enjoy the landscape, the silence or perhaps practice mindfulness, relaxed in a stable kayak.

Sometimes a curious seal will follow our tracks - observing us as we paddle.

The guide will tell you about the local history and wildlife during the tour. And during a short break on some distant isle you will be able to stretch your legs and have some hot soup.

**10.00 SAT** OCTOBER-APRIL

**LYSEKIL** - participants will receive info on exact starting point, on the day before departure

- |                   |   |

| ▪ Price           | SEK 1.095   |

**What to bring:** Headgear, reinforcement garments and gloves for the break, sunglasses, drink

#### Good to know

Fish soup with salmon, cod and blue mussels *included*.

*Alternative:* Broccoli soup. Please inform us about any food *allergies* when booking the trip.

Valuables are brought on your own risk. At rendezvous, we start with safety instructions and dressing. Then we launch the kayaks, and you will learn some basic paddling techniques before we take off. Effective time paddling: 2,5 hours approximately, before and after the break.

**Weather** on the Swedish west coast can change quickly, and there is a chance that it will rain on the day of your day trip. Therefore, we recommended that you follow our recommendations on what to wear and what to bring as this will make your day with us very enjoyable – regardless of the weather. We will not cancel a day trip due to rain only. In case of harsh weather conditions, we will contact booked guests to offer an alternative activity in the same price range or postpone the day trip departure. A substantial cost goes in preparing for our day trips. Therefore, if a client wants to cancel due to rain or any other circumstance we will refund your trip fees minus 30%.

We may cancel a kayak day trip due to unsafe paddling conditions; that is due to the strength and/or direction of the wind.
